It Happened One Year . . .

Once upon a time there was a small liberal arts college in Allentown, Pennsylvania. And at that college there lived 1500 boys and girls who were working very hard to prepare themselves for that elusive entity called the “**Real World.**”

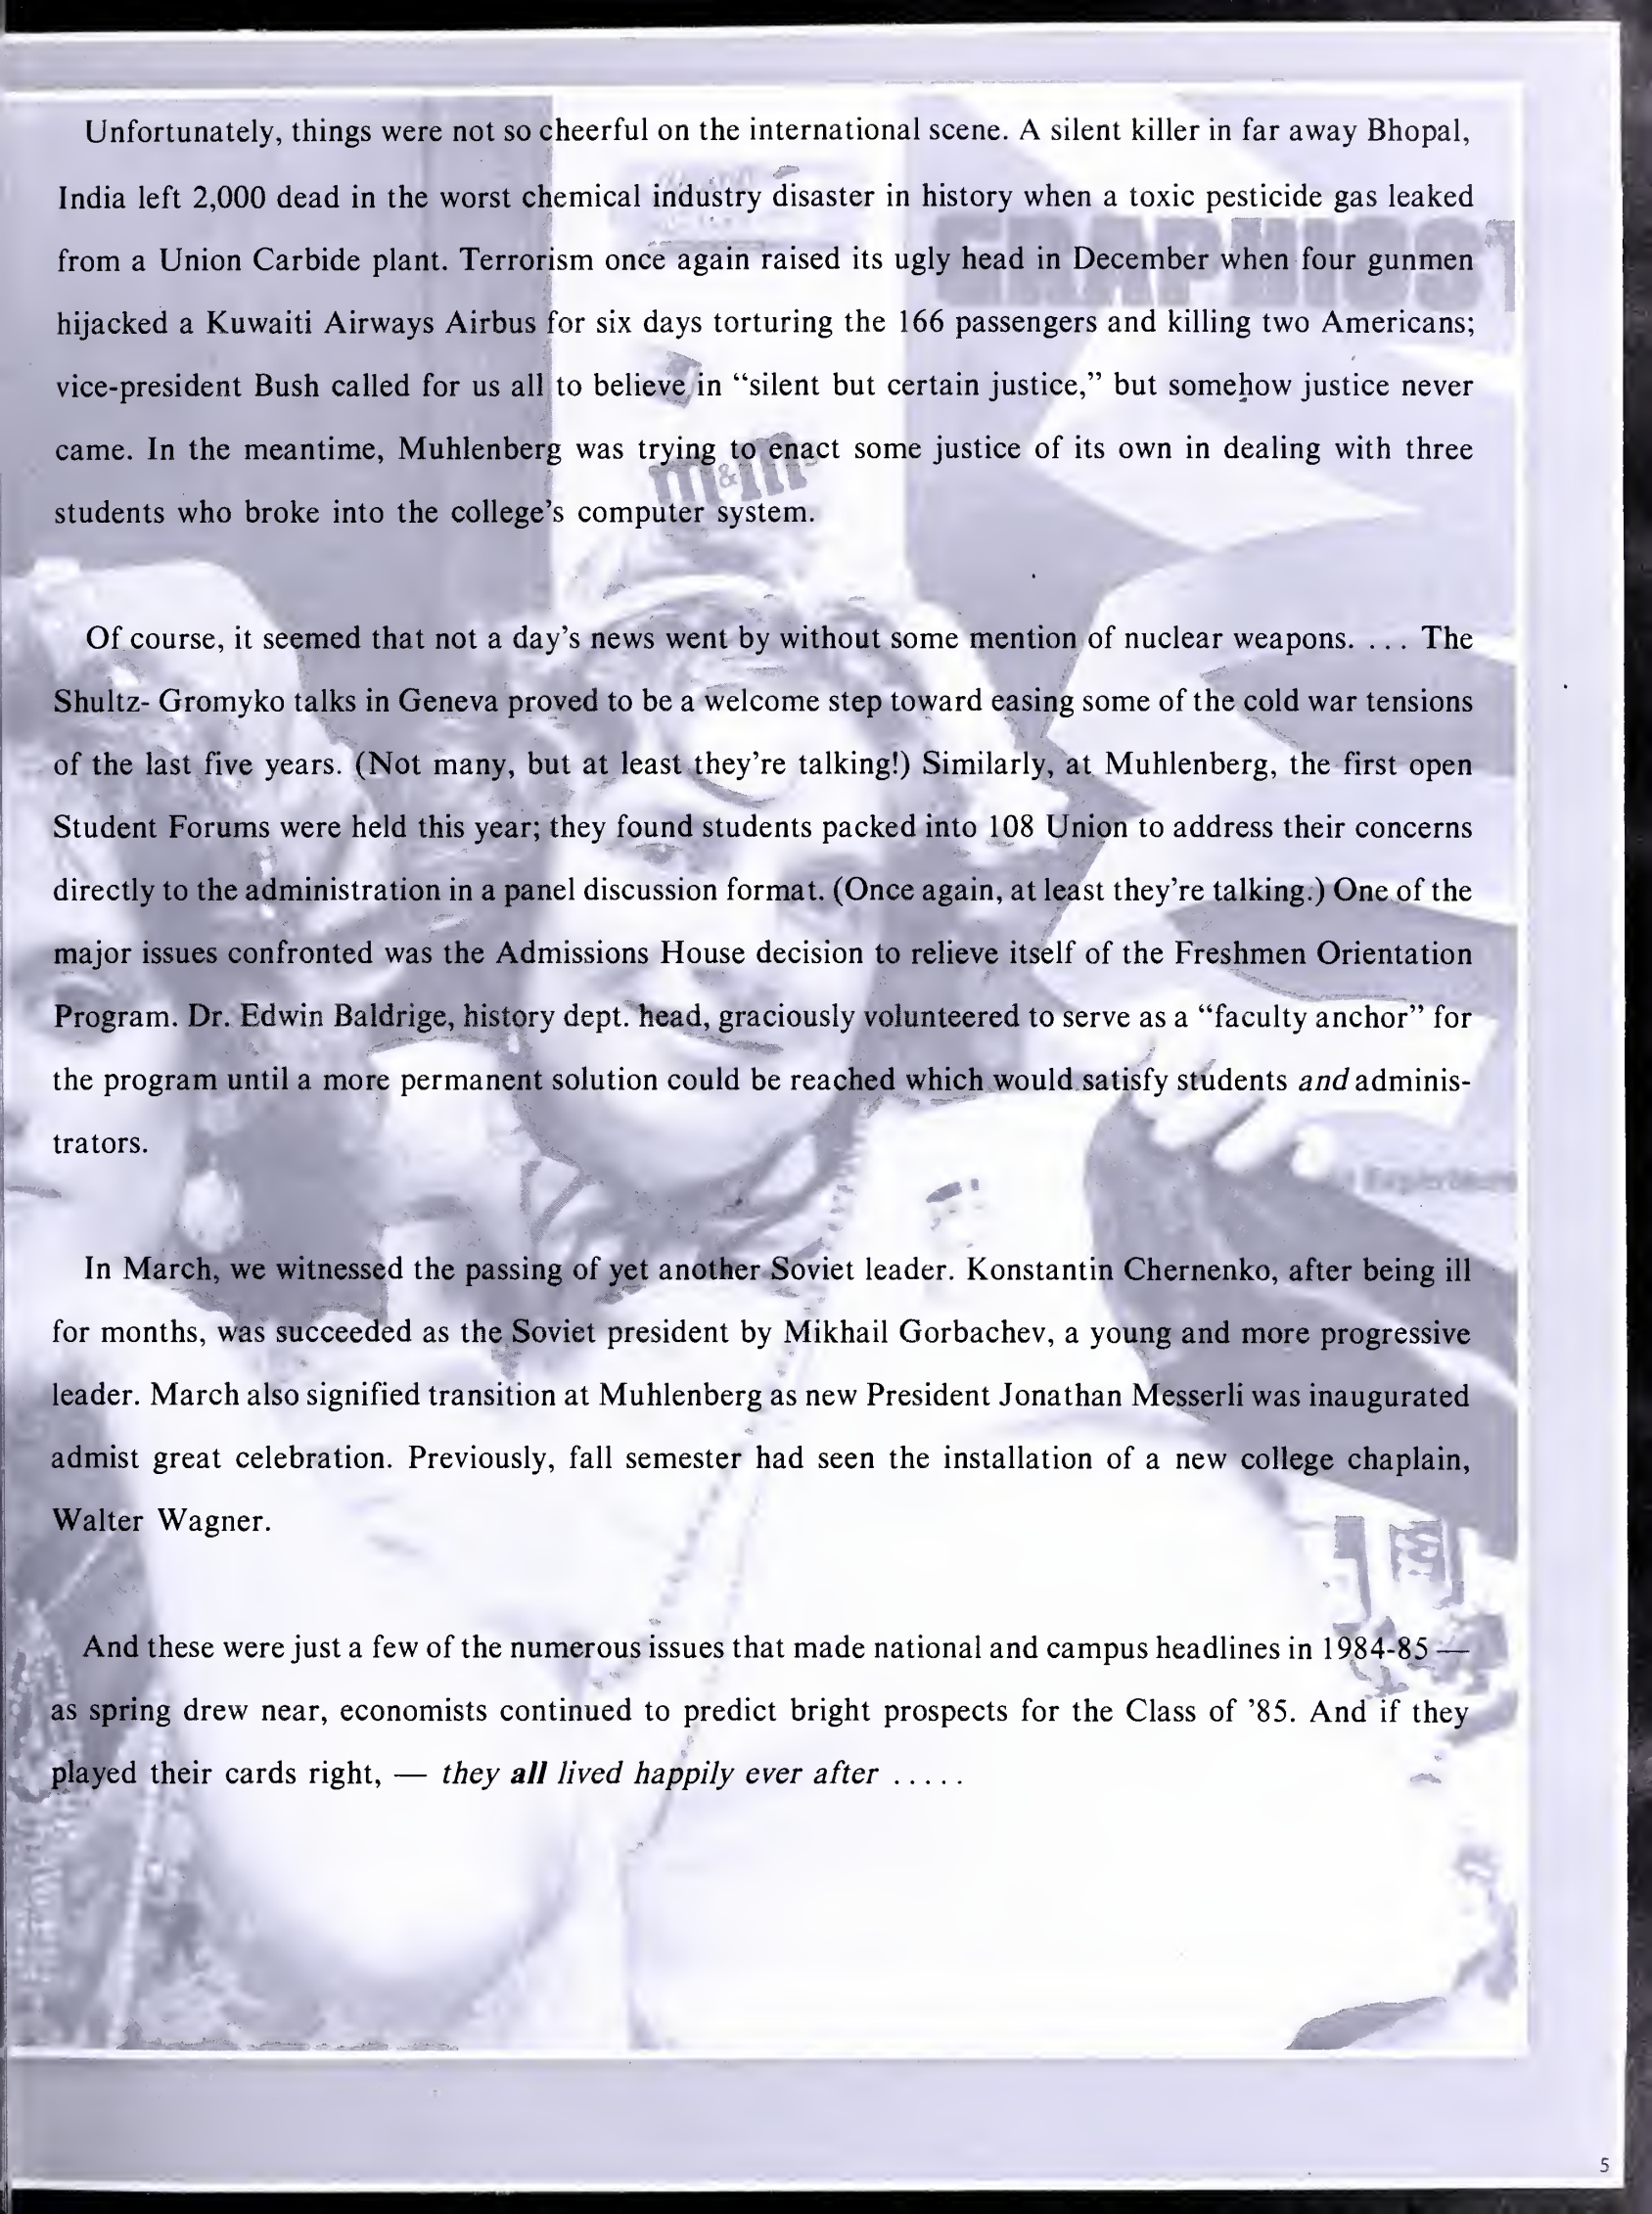

The truth of the matter was that our little world of Muhlenberg College, however isolated it may have been, seemed quite real while we were there — with campus issues often taking precedence over the *trivial* occurrences of the outside world. Still, that world kept turning (faster than we could keep up with it) and some of its events even paralleled our own. *Imagine that!!*

We witnessed the furvor of political conventions and Ronald Reagan’s re-election, making him the first president to achieve that distinction since 1972. However, the 1984 election created a bigger first for American women as Geraldine Ferraro became the Democrats vice-presidential candidate.

Meanwhile . . . Muhlenberg women were busy making history of their own as three sororities successfully completed their colonization period to be installed as active chapters in the fall. So too, while aspiring surgeons spent countless hours in Muhlenberg labs with dissections, William Schroeder became the second recipient of an artificial heart.

In music, Michael Jackson’s *Thriller* lp finally faded into the background and old favorties like Phil Collins and Bruce Springsteen just seemed to get better and better, playing to sellout crowds across the country. Irish sensation U2 also completed a highly successful tour while, right here at ’Berg, Concert Committee brought us the PsycodeLIC Furs and the Fixx.

Excitement ran high when the Villanova Wildcats won the NCAA basketball title. Basketball fever was felt at Muhlenberg, too, when the Mules defeated Moravian to advance to the MAC playoffs. (Meanwhile, a group of enthusiastic Mule fans were lost on a schoolbus somewhere in Delaware.)

Unfortunately, things were not so cheerful on the international scene. A silent killer in far away Bhopal, India left 2,000 dead in the worst chemical industry disaster in history when a toxic pesticide gas leaked from a Union Carbide plant. Terrorism once again raised its ugly head in December when four gunmen hijacked a Kuwaiti Airways Airbus for six days torturing the 166 passengers and killing two Americans; vice-president Bush called for us all to believe in "silent but certain justice," but somehow justice never came. In the meantime, Muhlenberg was trying to enact some justice of its own in dealing with three students who broke into the college's computer system.

Of course, it seemed that not a day's news went by without some mention of nuclear weapons. . . . The Shultz- Gromyko talks in Geneva proved to be a welcome step toward easing some of the cold war tensions of the last five years. (Not many, but at least they're talking!) Similarly, at Muhlenberg, the first open Student Forums were held this year; they found students packed into 108 Union to address their concerns directly to the administration in a panel discussion format. (Once again, at least they're talking.) One of the major issues confronted was the Admissions House decision to relieve itself of the Freshmen Orientation Program. Dr. Edwin Baldrige, history dept. head, graciously volunteered to serve as a "faculty anchor" for the program until a more permanent solution could be reached which would satisfy students *and* administrators.

In March, we witnessed the passing of yet another Soviet leader. Konstantin Chernenko, after being ill for months, was succeeded as the Soviet president by Mikhail Gorbachev, a young and more progressive leader. March also signified transition at Muhlenberg as new President Jonathan Messerli was inaugurated amidst great celebration. Previously, fall semester had seen the installation of a new college chaplain, Walter Wagner.

And these were just a few of the numerous issues that made national and campus headlines in 1984-85 — as spring drew near, economists continued to predict bright prospects for the Class of '85. And if they played their cards right, — *they all lived happily ever after*

FOOTBALL

The Muhlenberg Mules opened their 85th football season by defeating the Red Devils of Dickinson on Sept. 15. Coach Kirchenheiter's squad kept their winning spirit going as they achieved further victories over F&M and Western Maryland.

After a few mid-season defeats, the Mules looked ahead to their Homecoming game as an opportunity to rekindle chances for the Centennial Conference championship. A strong defensive line-up proved that victory could be a reality by pounding Gettysburg 15-0.

In the final league game of the season, the Mules easily downed Ursinus to finish in second place with a strong 5-2 conference record. All in all twenty-four school records were either set or equalled in Muhlenberg's second consecutive winning (6-3) season, including records in passing, rushing, and kicking. Although the team will certainly feel the loss of seven starting seniors, Coach Kirchenheiter is looking forward to much of this year's talent returning in 1985 for what could be one of the Mules best seasons yet.

Heads up defense awards Tom Murdock an interception.

HALFTIME

1984-85 CHEERLEADERS

Halftime ... Relief ... Time to make a mad dash for the Sports Life Center before everybody else got the same idea. Halftime found many of us waiting patiently in lines of one kind or another, whether it was the restroom or the concession stand for *just one more hotdog*.

It was a time for the football team to relax and let the band and the pom-pom girls take the field. It was time to run back to the dorm and put on your favorite sweatshirt because it was *just too cold*, or exchange the ol' cords for shorts because it was *just too hot!!*

We utilized halftime to catch-up on all those conversations that went

flying over our heads while we watched the game. **OR** sometimes more correctly, to catch-up on what was happening in the game because we were too involved in our conversations.

In any case, we welcomed halftime to socialize and fraternize (especially with friends in the TKE section since they had all the brew) and generally to recharge for the second half.

The band stirs the stadium with a tune as only they can play it.

FIELD HOCKEY

It was another winning season for the women's field hockey team this year under the coaching of Helene H. Hospodar. This year was also special in that it marked the thirtieth year of coaching for "H", as she is affectionately called by her players.

This year's season had many ups and downs with Muhlenberg playing up to their potential one game and having a difficult time with other teams the next game. Two of the high points of the season were Muhlenberg's defeat of Albright and their game with Drew. At the Albright game nothing could stop the 'Berg squad as they crushed their opponents, 6-0. The teamwork, ballhandling and skill of each player was an amazing sight to see.

Another highlight of the season was the game against Drew University. The Drew team has long been a nemesis of the 'Berg women so they were ready for a tough game. With everyone giving 100 percent, the women tied powerhouse Drew in seven minutes of regulation play and went on to play another twenty minutes of overtime. Drew managed to hang onto the tie despite the fact that Muhlenberg dominated the overtime periods. It was an unusual and exhausting year for Muhlenberg in that they had to go into double overtime in three games during the season.

Senior Lisa Gosnay celebrates the thrill of victory; Albright, the agony of defeat.

Standing: Coach J. Jacob, J. Schoen, R. Grossman, D. Revotskie, J. Canfield, E. Koehler, C. Nisch, L. Manning, Capt. J. Jurden, Capt. G. Hardy, C. Grasso, L. Gosnay, A. Searles, R. Blotner, Coach H. Hospodar. Kneeling: C. Mahoney, N. Alvarez, C. Drivas, A. Dowhower, E. Oaks, N. Clark, L. Braverman, G. Didio, J. Duma. Sitting: B. McNulty, E. Chapman, B. Fisher, L. Widmer, M. Aimone, L. Huggard, L. Beninati, C. Craig.

There were many outstanding players on the squad this year. Freshman Anne Searles proved a valuable asset at link. Returning defensive players, Jaclyn Duma and goalie Colleen Grasso, stopped many shots on goal. The 'Berg women also continued the tradition of a strong midfield as newcomer Andrea Dowhower, players' player Leslie "Shark" Manning, sophomore Leslie Widmer and senior Cathy Mahoney, played excellent offense and defense, sending free hits far up the field and stopping their opponents from getting too close to the goal. The offense was also talented this season and provided the necessary scoring power. The forward line, led by senior co-captain and high scorer Gloria Ann Hardy, was composed of two other outstanding senior players Gina DiDio and Lisa Gosnay, sophomore Chris Nisch and freshman Erin Oaks. Senior Laura Braverman and junior Nadia Clark were also valuable players in helping Muhlenberg toward a winning season.

The team will sorely miss the enthusiasm, leadership, skill and fun provided by the seniors, Gloria Ann, Gina, Lisa, Cathy, Laura, Jan and Jennifer. With next year's co-captains, Jaclyn Duma and Leslie Manning helping out Coach Hospodar, there is no doubt that women's field hockey at Muhlenberg will continue its winning tradition.

SOCCER

The Muhlenberg soccer team began practice in late August this year, just like any other year. This, however, would turn out to be one of the most exciting and controversial seasons that could be remembered. The team was lead by two senior captains, Kenneth Hughes and Scott Eisdorfer,

along with senior Andrew Binnie and junior captain Ed Mullane.

The team opened its season against Messiah, nationally ranked 15th in division III. Muhlenberg entered the game with a familiar role as underdogs. This game proved to be like no other as Muhlenberg went on to defeat Messiah 2-1 in overtime. The victory shocked the Allentown area as well as the MAC conference. However, the young Mule team did not stop at this milestone, but went on to rampage through the next five opponents without allowing a goal. The Muhlenberg defense had become one of the most aggressive and feared league,

and had given the foundation for a top-notch club. With unprecedented speed, Muhlenberg soccer had made a name for itself in the soccer community. Led only by three seniors, the young team was ranked 7th in the tri-state area.

The second half of the season did not end on the same happy note however, as the Muhlenberg team ended with a .500 record for the season. The high hopes of the dedicated players had been crushed. But, the season had provided Muhlenberg with the chance to prove itself in the soccer community, a tradition that will hopefully be carried on.

VOLLEYBALL

Who says that experience is necessary for a MAC team? The Muhlenberg women's volleyball team proved the skeptics wrong. Even after losing five starting seniors the team posted the best record ever and won their third consecutive bid to the MAC playoffs by placing second in their division. How did they accomplish this goal that no other fall sport managed to do? The answer lies in their coach, their addiction to volleyball, hard work and off-season play. One of the most important reasons for their success was the closeness of the players; they were more than teammates, they were good friends.

This year's team was led by senior captain Sharon Hilliard, junior Allison Casparian and sophomores Barb Pelham, Sarah Lindert, Linda Laube and Geraldine Fox. Two

of the players were recipients of awards; Allison Casparian was the most valuable player of the FDU tournament and Sarah Lindert earned the most improved player award for the team. The Mules also saw strong bench play from sophomores Cindy (we need a joke) Buckmaster, Laura Lemole and Donna Pecora.

The outlook for next year looks promising since the team will be losing only one starter, Sharon Hilliard, and will have eleven returning players.

CROSS COUNTRY

Mike Halpern nears the finish

The Muhlenberg cross country team had its ups and downs this season; however they never lost their determination or competitive drive despite shortcomings and disappointments . . . The Mule Harriers major weakness was lack of depth. The team had only six dependable runners. The number one runner, Kris Hyman will lead the team next year as its captain. Hyman was consistently the strongest runner throughout the 1984 season and finished very well in the Middle Atlantic Conference Championships.

Hyman was followed by Mike Halpern, Neil McAslan, Doug McKeeby, team captian Jeff Berdahl, and Chris Boyd. Hyman set the new course record to lead the Mules to victories over Cheyney State and Allentown College.

Next year looks bright for the Mules, the team will still be young as it is losing only one senior this year.

BASKETBALL

A dream came true for the Muhlenberg men's basketball team this season — at long last they went to the playoffs. After eleven seasons without seeing any post-season action, the Mules qualified on the strength of their 10-2 MAC Southwest section record. A seven game winning streak including six league games enabled

the team to overcome Moravian and finish first in the section.

A key to the team's late season success was junior guard Mike Doherty; he contributed a career high 17 points in the important overtime defeat of Gettysburg. Doherty strength was joined by junior wing Jim Farrell who was perhaps the Mules steadiest player throughout the ups and downs of the season. Other strong showings were given by Reinout Brugman and Sean Mackin who were ranked first and second respectively in field goal percentage in the Southwest Conference.

Brugman and Farrell were also named to 1984-85 MAC all-star squad. As a team, the Mules made .515 percent of their field goal tries, breaking the previous mark of .500 set one year ago. Overall, they finished with a 19-7 record as the MAC Southwest titlists, a fine end to a hard-fought season. with all of the starters returning, next season should prove to be even better for Coach Moore's young Mules squad.

WOMEN'S BASKETBALL

The Muhlenberg Women's Basketball team wound up the 1985 season with 9 wins and 13 losses. The "Lady Mules" were a spirited group this year, and made it to the MAC playoffs for the first time at Muhlenberg.

Co-captains of the 1985 team were sophomores Suzanne Seplow and Margaret Sudadolnik; other sophomores included Sharon Andrews, Monica Paukovits, and Andrea Guttermuth. Rounding off the squad were six freshmen Chris Rogan, Karen Schwabe, Anne Searles, Gracia Perilli, Gabrielle Panza, and Christen Knosti.

The Lady Mules had an impressive 7-3 record in the Mac Southwest Conference games this year, a great improvement over previous seasons. Although they are still a very young team, they have gained much experience and are looking forward to playing together and becoming even stronger in the seasons ahead.

The Muhlenberg Wrestling team finished "on top" this season (literally) with a total of nine wins and six losses. Significant victories were scored in duals against Albright, Baptist Bible, Messiah, Widener, King's, Juniata, and Elizabethtown. Strong showings were given all season by seniors Mike Tsontakis, Sam Giha, Andy Wasson, juniors Rusty Trenker and Bill Barrick, and sophomore Garret Waller. The Mule squad was ranked 11th out of 20 in the MAC's and with many young members returning, next season should prove to be promising.

BASEBALL

The Mullenberg Baseball team had some impressive statistics this season which allowed them to place two first-team and two second-team players on the 1985 Mid-Atlantic Conference Southern Division all-star squad. Named to the first-team were catcher Chris Peischl and outfielder Dave Kurtz. Peischl's .424 batting average led the Mules this year, and Kurtz was the team leader with 36 runs scored and six triples.

Second team selections were shortstop Ahky Khan, and third-baseman Rob Endres. Khan led the team in hits, doubles and assists, while Endres belted a school record nine home runs.

Despite a 15-19 overall record, the Mules played winning ball after returning from an early season training trip to North Carolina and Virginia. Coach Beidleman's team finished third in the MAC Southwest section with a 6-4 record. The Mules will lose only one senior this year, team captain and four-time letter winner Vic Tritto, whose leadership will be missed.

SOFTBALL

Fielding a line-up that mixed experienced players with talented new ones, first year softball coach Brian Bodine had a winning combination with this

year's squad. Muhlenberg completed its best-ever softball season under the new coach with a 12-7 record. Leading returnees to the Mule roster included multitalented pitcher Mindy Feinberg, third baseman Coleen Grasso, All-American GA Hardy, and strong defenders Gina Didio and Sharon Andrews.

Centerfielder Andrews was named to the 1985 Mid-Atlantic Conference all-star squad with a .375 batting average and nine home runs; she played errorless ball in 18 games.

Strength was also shown at first base by freshman Gracia Perilli and junior shortstop Jackie Duma. The team will greatly miss senior co-captains GA and Gina whose leadership led them to a third place finish in the MAC southeast section.

The Muhlenberg women's tennis team had another outstanding season in '85. They entered the Middle Atlantic Conference play-offs for the third consecutive year to compete for the MAC Northern Division Championship against Susquehanna on April 29.

The Mules clenched the MAC Northwest section title with a 4-0 record, outscoring their league opponents 28-5. The winner of the Muhlenberg-Susquehanna match will then contend for the Southern Division championship on May 1.

Coach Linda Garrett's team has been playing stronger than ever this year and should farewell; Junior Elisa Zafrani returned from a wrist injury to play her second consecutive season at No. 1 singles. Skilled play was also contributed by Captain Jackie Fierro (6-5), juniors Ilyse O'Desky (8-3), Robin DeMayo (7-5), and sophomore Laura Lemole (6-6). Overall, they came out winners with a 8-4 season finish.

TRACK & FIELD

The Muhlenberg track & field team completed their dual meet season with a 5-7 record this year; despite a few more losses than wins, six members of the Mule squad finished strong to qualify for the Middle Atlantic Conference championships at Messiah College.

Qualifiers included senior Eric Hyman (shot put), juniors Tom Fritz (200,400), and Tom Mullane (shot, discus), freshmen long jumpers Scott McLeod and Davis Kaneps; freshmen Mike Mohl also qualified as a sprinter, but was unable to participate due to injuries. Mullane captured the gold medal in the discus with a throw of 155'8".

First year coach John McVan was able to recruit 14 women for the squad who competed on a club basis and posted an impressive first year record of 5-2. With the young team gaining more experience and talent everyday, we expect to see great strides made by Muhlenberg track & field in '86.

LACROSSE

The 1985 Women's Lacrosse team began their season with a new coach, new uniforms and a new outlook. As a second year varsity sport, the Lady Mules faced several tough opponents. Their best game was against a tough Dickinson squad. Although the Lady Mules lost 9-6, the team

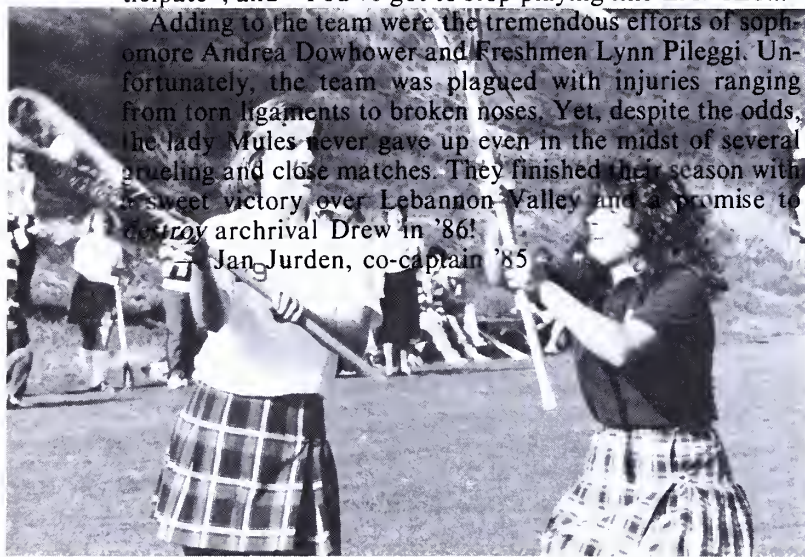

displayed their fine talent and spirit. Seniors Lisa "Tower" Gosnay and Sally Clark, the field captains, provided the backbone for the young squad. Sophomore goalie, Suzanne Seplow, played superbly, earning her a ranking of 3rd best goalie in the MAC division — quite a feat considering "Seppy" had never played Lacrosse before this season. Coach Hospodar, "H", bravely took the challenge of instructing the young and eager team. Players and spectators alike will remember, "Ahead of the moving player!", "Anticipate", and "You've got to stop playing like LADIES!!!"

Adding to the team were the tremendous efforts of sophomore Andrea Dowhower and Freshmen Lynn Pileggi. Unfortunately, the team was plagued with injuries ranging from torn ligaments to broken noses. Yet, despite the odds, the Lady Mules never gave up even in the midst of several bruising and close matches. They finished their season with a sweet victory over Lebanon Valley and a promise to destroy archrival Drew in '86!

The competition continues!! And so does the glory, the frustration, the sweat, the aching muscles . . . perhaps the suffering grades. We, the 1985 Mules saw our fair share of "the thrill of victory and the agony of defeat." Through it all, we played hard, and we hurt a little, (O.K., sometimes we hurt a lot) but we also had our share of fun — Hey, maybe we even learned as many valuable lessons on the playing field as we did in the classroom.

Dance 82
April 20th, 21st 8PM.

The Muhlenberg Dance Club, under the artistic direction of Randy Thomas, is an extra-curricular activity designed to give students the opportunity to study the fundamentals of movement. Prior dance training is not a prerequisite for membership; all interested students participate in weekly dance class and the annual club performance. Students also play an active role in choreography.

Freshman Orientation

August 26th was an exciting, busy day for many new students. Both freshmen and transfers were greeted by their faculty and student advisers eager to help them adjust to college life. Orientation was filled with activities designed to let new students have some frivolous fun before the real challenge began. The lovely "basket dinner" in the gym and lunch at the President's Manse eased freshmen into the shock of Union food. The weekend was a sunny one, ideal for volleyball and frisbee at the picnic in the park. Evening activities included a squaredance and the infamous Playfair which gave new students a chance to get "up close and personal" with the people they'd be spending the next 4 years with. Remember being a vegetarianburger or a hamburger?? And of course who could forget the words "I want a standing ovation!"

Seppy, Jan & Andrea are 3 reasons Muhlenberg Student Advisers have earned notariety.

THE PSYCHEDELIC FURS

With
Special Guest

The Pressure
Boys

The British group *The Psychedelic Furs* preformed a rousing show at Muhlenberg's Memorial Hall on October 3, 1984. The band played to a small, yet extremely enthusiastic crowd which lent to a fine performance by lead singer/songwriter Richard Butler. Butler's expressive movements on the stage coupled with his distinctive raspy vocals provided for a vintage Furs performance. Butler, backed by brother Tim on bass and John Ashton on lead guitar form the core of the group. A drummer, keyboardist, and saxophonist rounded out the personnel.

The Furs performed many cuts from their fourth and latest album, *Mirror Moves*, with vintage material from their popular *Forever Now* and *Talk Talk Talk* albums mixed in. During the first of two encores, the exuberant crowd rushed the stage in an effort to get a better look at this innovative and up-and-coming British group. The fact that the Furs have a strong, knowledgeable following was evidenced by their success at Muhlenberg.

The Fixx

**A FAMILY OF
STRANGERS**

The British group *The Fixx* played to an enthusiastic Memorial Hall crowd on December 6, 1984. The foursome includes keyboardist Rupert Greenall, drummer Adam Woods, guitarist Jamie West-Oram and lead singer Cy Curnin.

Curnin performed a uniquely artistic show with bizarre hand and body motions which lent to an eerie atmosphere on stage. Curnin's use of a large translucent screen at the rear of the stage provided a dramatic twist. The appearance on stage of bassist Dan K. Brown, who stood perfectly still throughout the concert, added a bit of mystery to the band's performance.

After an opening performance by local group *Family of Strangers*, *The Fixx* played songs from their latest album *Phantoms* including the hit "Are We Ourselves?" and "One Thing Leads to Another". In addition, mixed numbers from their first two L.P.'s, *Shuttered Room* and *Reach the Beach* were performed.

What I Did Last Summer

Written by A.R. Gurney, this play made its debut in 1983. The themes of the play center around Charlie (Doug Girton) as he tries to deal with the pains of going thru adolescence without the guidance of his father, who is away fighting World War II. His mother and his sister (Jill Brewer and Bridget Brown, respectively) also express the problems they face in this turbulent time period. Anna Trumbell known to the community as "Pig Woman" (played by acting instructor Mary Ashton), tries to help Charlie find his "true identity". The play is set in a small Canadian town and also features Charlie's friends, Ted and Bonny (Michael Norinsberg and Nancy Decker), who share in his adventures.

★ GOOD NEWS ★

Good News

Rip roarin' jazz and good clean fun 1920's style were brought to the Empie theatre when MTA staged a production of Laurence Schwab and B.G. DeSylvia's *Good News*. This musical comedy, written in 1927, is a popular depiction of life at a small co-educational college during a time of heavy materialism and changing sexual values.

The action revolves around the weekend of "The Big Football Game". Football star Tom Marlowe (Doug Girton), far more concerned with his "Collegiate Man" image than his studies, is the center of attention. When his girlfriend Patricia (Jill Brewer) suggests he get a tutor (Andrea Jontos) she never anticipates losing him.

Lively comic relief is provided by campus flirt, Babe O'Day (Bridget Brown), and the two men she is fond of; Beef Saunders (Laurence Lerman) and Bobby Randall (Mark Weissman). Some of the classic and familiar musical numbers include: "The Best Things in Life are Free", "The Varsity Drag", and "Good News". The performance provided light-hearted enjoyment for all by allowing us to laugh at some of the comical similarities between Muhlenberg and Tait College.

Play Of Daniel

Egner Chapel was the stage for the medieval drama *The Play of Daniel*. This liturgical, musical drama was written in the twelfth century for Church performance; it was performed in the original Latin with an English translation spoken by Wendy Wiebalk. Because of the operatic nature of the play, it was done in conjunction with the Muhlenberg Opera Company. In addition, such vocally demanding roles as Belshazzar, Daniel, and Daruis were played by members outside of the Muhlenberg musical community.

The plot is the biblical story of Daniel who is seen for the first time as a prisoner in Jerusalem. Because he possesses a prophetic gift, he gains favor from the first King Nebuchadnezzar, then Belshazzar, and finally by Daruis. After his promotion to high office, the lords conspire to have Daniel thrown to the Lion's Den on a legal technicality. In the end, however, he is saved by the Lord and conspirators are thrown to the Lion's Den and promptly devoured. Daniel is then restored to his position of honor and lives out his life peacefully.

SHE'S A WHORE

Although *Tis Pity She's a Whore* was written by John Ford in 1628, it deals with a theme that even today's playwrights are wary of, that of incestuous love. It is the story of Giovanni (John Carhart) and Annabella (Alicia Ten Brink) lovers and brother and sister, thus it is hardly surprising that critics differ significantly in their interpretation of the play. Director Charlie Richter chose to remove the play from its Jacobean time frame and place it in Fascist Italy to show that the themes are just as relevant there.

The tragedy of the two lovers is that they love so deeply and are ideally suited to one another; however there is a barrier between them which renders permanent love impossible — the play never seems to suggest that this barrier should or could be removed. Thus, we have a play that deals with more than a specific case of incest, but with the problems of a social order held together by only scraps of piety and uncertainty as all the love relationships ultimately end in tragedy.

HOMECOMING

The football field was decorated with balloons, the tennis courts were covered with banners made by advising groups, people were having tailgate picnics, and many student groups participated in a pre-game parade. This was the setting for the 1984 Homecoming when the Mules defeated the Gettysburg Bullets thirteen to zero.

In the parade prior to the game, several dorms, the three sororities, and other student groups marched or had floats. The freshman class won for the best group in the school spirit category. Muhlenberg Christian Fellowship, dressed as angels, won for the most original float. And, Martin Luther Dorm won for the funniest, with two guys dressed as Homecoming King and Queen. It is hoped that the parade will now be an annual event.

At halftime, Kevin Mei was honored with the Weikert award, and the annual inductions into the Muhlenberg Hall of Fame were made. Also, Renee Trabert was crowned Homecoming Queen. She was chosen by the Muhlenberg students out of five semi-finalists.

Homecoming was an exciting day for the alumni, students, and everyone present.

Changing Of The Guard ... Muhlenberg

The weekend of March 15-17 is not one which will soon be forgotten at Muhlenberg; it marked the heights of the year's most celebrated activities to formally welcome Dr. Jonathan C. Messerli to the college community. Festivities culminated on Monday, March 18 with a ceremony to inaugurate our ninth president.

The Inauguration, possibly the most extravagant event in the college's history, put not only Messerli but Muhlenberg in the limelight; it generated a great deal of positive publicity for the institution which led to support from the surrounding community as well as alumnae. Perhaps just as important however, it allowed the entire college community to "show itself off and have a good time!"

Friday's Inaugural Ball found the Garden Room filled to capacity with students, faculty, and alumnae at their formal best ready and to sample a little caviar while dancing to the big band sounds of the Lester Lanin Orchestra — the same orchestra that entertained Ronald Reagan's inaugural guests. After a series of recitals, lectures and luncheons, the new president appeared relieved and proud as the college medal was placed around his neck to a standing ovation.

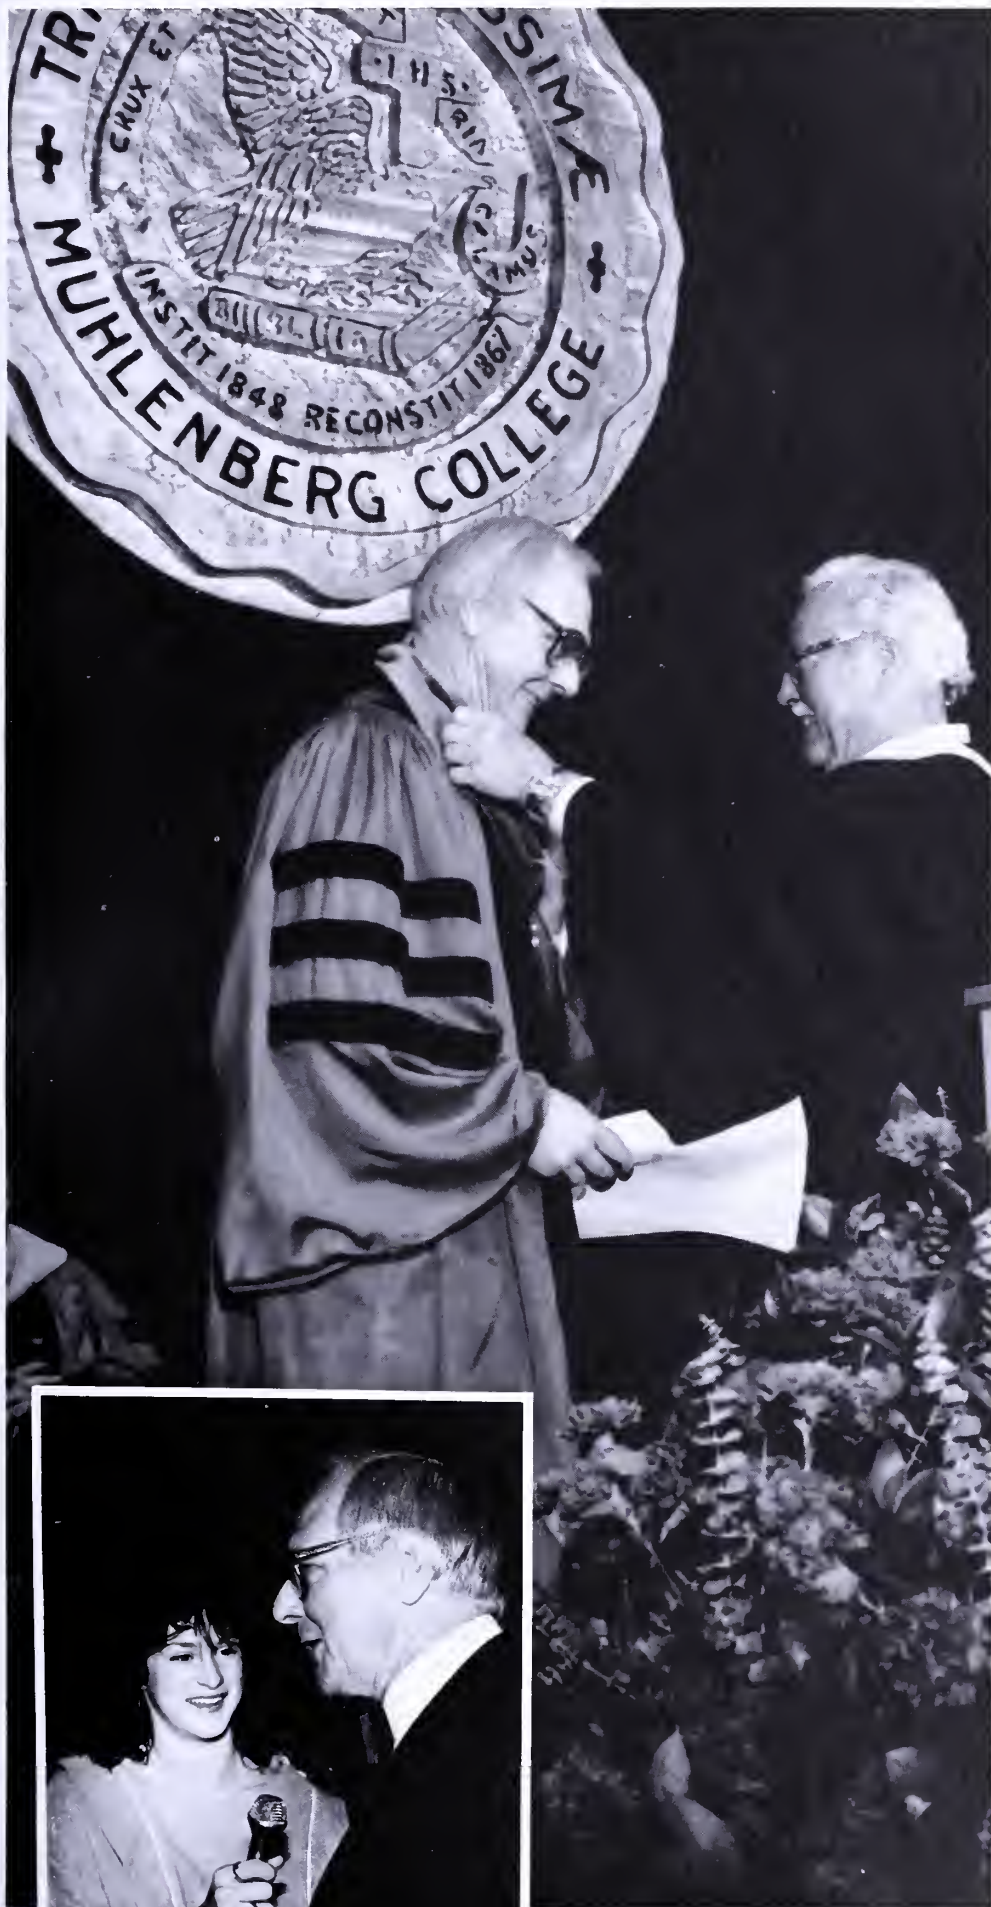

Messerli came to Muhlenberg from Susquehanna University with an impressive list of achievements including a Ph.D. from Harvard and a published biography of Horace Mann. But more important than this, he brought with him a strong commitment to the future of the liberal arts at Muhlenberg. "I came to Muhlenberg because it is a splendid, intellectually demanding school. Now I am convinced that it can become one of the premier liberal arts institutions in the nation. To achieve this, we must preserve the best of our traditions, capitalize on our strengths, and chart a critical path to future excellence." We wish Dr. Messerli great success and hope that he is able to uphold his high ideals during his term at Muhlenberg.

Welcomes President Messerli

Author Max Lerner and the infamous Lester Lanin and his Orchestra were just a few of the distinguished guests to visit Muhlenberg for the Inaugural festivities. Among the other guests were Dr. Warren Bryan Martin, Dr. Maxine Greene, and Dr. Jacquelyn Mattfeld, as well as many delegates from Learned Societies and Professional organizations.

A DAY IN THE LIFE . . .

It's probably true that there is no such thing as a **typical** day at Muhlenberg, just as there's no such thing as a typical Muhlenberg student. But, there are some things you can count on like (1) Endless lunch lines, (2) Running out on your favorite soaps just in time for lab . . . only to find that this is the only day of the week that you **don't** have lab, (3) having to explain that your check did **not** bounce to the lady in the bookstore, (4) frequent weather updates to decide whether it's worth going to class (5) once a month letters from mom (she's the *only* one who writes faithfully) (6) gym being the only class that doesn't give tests.

SMELL THE COFFEE!

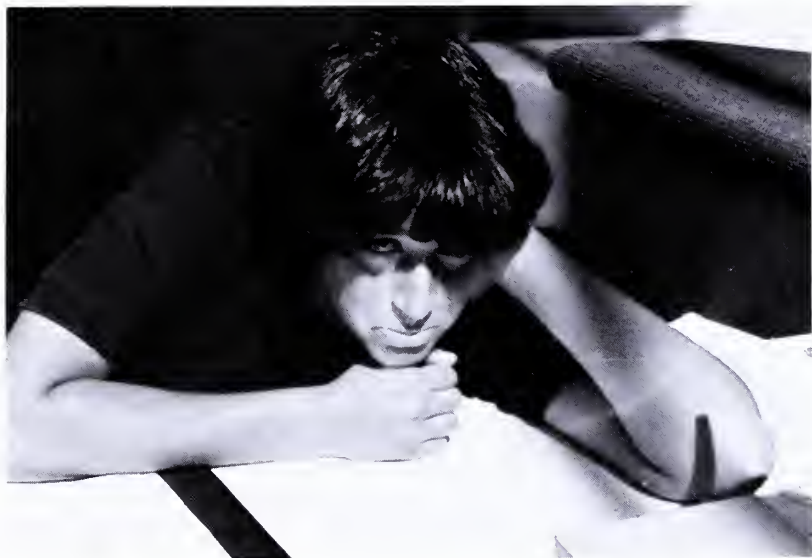

Ah morning! Whether the 'ol alarm was set for 6:30, 8:00, or noon somehow every morning sort of felt like Monday until the weekend. Begin with the same morning shower rituals, throw on whatever clothes take the least effort (usually sweats), go to class.* (*proper grooming, bed-making, breakfast etc ... optional time permitting) For some, five cups of coffee was the solution to remaining alert until lunchtime; others didn't care — morning class was as good an excuse as any to catch those extra winks.

THAT'S

Certain days it felt like everything was a test. Tests, tests, tests ... and don't forget papers! They test our organizational and intellectual ability, our memory, our analytical skills, *our patience* — after all, isn't that why we came to college in the first place, to *enrich our minds*?? Whatever the reason, many students found methods of beating the system to relieve the emotional pain of studying; a group study session or a scenic spot helped ease the tension for some, for others, the ideal method was not to study at all. Either way, there was always that little hope that one day we would grow to appreciate all those hours spent testing our minimum sleep capacity.

HOW DO YOU SPEND

The one time of the week that we never could seem to get enough of found us enjoying ourselves in many different ways . . .

(1) Beer was still one of our most popular weekend pastimes. No matter what brand, it was the most frequently consumed party beverage, whereas (2) exotic mixed drinks were preferred by those with more sophisticated, discriminating tastes. Frequent visits to the Time-Saver (3) saved us from going broke on the weekends. And then there were those who found weekend bliss lounging in front of the T.V. (4) An alternative to partying or being reclusive, the Nite Owl provided student entertainment.

YOUR WEEKENDS?

(1) Dancing, in many *unusual* (2) varieties was also a big weekend activity ... so was eating (3) something other than Union food! Of course the afternoon was an ideal time to shoot some hoops (4), or get together an impromptu team for a little friendly competition in any sport. And, in the *true* spirit of college, there was always waiting to get into fraternity parties (5) or for theless adventuresome (6) something a little more intimate.

ENDNOTE FROM “YE OLDE EDITOR”

As if you haven't heard enough from me already! At this point you've probably made it through the 1985 Ciarla at least once, and perhaps now you will *understand* why I spent what seemed like my entire life in that cute little dungeon of a room below that Union. I sincerely hope that the contents of this book are testimony enough to the incredible amount of time and creative energy that were required to complete it — but most of all, I hope you enjoy the '85 Ciarla as much as I enjoyed putting it together!!

Of Course, as in previous years, this book began with the lofty ambition to be “THE BOOK TO END ALL BOOKS.” This was going to be the yearbook that made *everybody* happy . . . Well, so much for ambition. The one thing I'm certain I've finally learned is that no matter how good your intentions are, *you're never going to please everyone*. Amen. So, you strive to do what you feel is right, (creatively speaking) and hope that others, if nothing else, will give you credit for trying.

I won't attempt to explain this book; I've spent all year working on it, you don't need to know what it means to me. (Hopefully, it will acquire an individual meaning for all of you.) I will say, though, that our photographers did a superb job of *trying* to locate each member of the class of '85 on film, and if not in candid, in club and sports photos came very close to doing so. Enough said.

CONGRATULATIONS '85, this is for you! And farewell Muhlenberg, it certainly has been an *EXPERIENCE* — one I know I'll always remember and I'm sure you all will too . . . and if this book helps you in any way, then my task will have been a success. Enjoy!

Sincerely,

Editor-in-chief '85 Ciarla

Robert Clark-Faculty Advisor

The 1985 Ciarla was produced with the loyal aid of: Betsy Sprenkle, Diane Juliano- Senior Sections; Kate Hauser, Libby Joslyn - Academics Section; Jennifer Schoen, Andrea Dowhower - Sports; Lisa Farrell - Special Events; Photographers: Lori Bottjer, Laura Brand, Guy Brignola, Meg Estey, John LeBlanc, Evelyn Neuber, Patty Nolan, Jeff Pappas. Special Thanks to Holly Martin for last minute color photos, Weekly photographer Bill Bushnell

First and foremost a round of applause to Josten's representative *Bill O'Brien* - They don't make 'em like this man anymore. His dedication, patience, advice and encouragement were invaluable! Thanks also to plant consultant *Penny Nelson*. This book would have never been completed without their guidance.

Another saint, advisor, *Bob Clark* who put up with the editor (or "pest") above and beyond the call of duty. He, and the entire *College Relations* staff cannot be thanked enough for being there to supply vital pictures and copy in times of "crisis." Not to mention the moral support and guidance that was needed.

Abe Orlick and his staff at *Davor Photo* for covering Senior Portraits, Homecoming, and the Senior Ball among other things, and for being so agreeable and supportive; these people bent over backwards.

Thanks to all those who answered the call to supply color candids for the Senior informal section! They added a lot of diversity.

Thanks to *Grace Jones* and *Dave Seaman* for graciously providing office space for 1984 Ciarlas

And to the residents of 9147 Helaine Hamlet for "putting-up" and allowing their home to be converted to an office for the final stages of production.
